

### **Luna Innovations Incorporated Reports First Quarter 2017 Financial Results**

May 11, 2017

Net loss improved to \$(1.4) million for the three months ended March 31, 2017 compared to \$(1.5) million for the three months ended March 31, 2016

ROANOKE, Va.--(BUSINESS WIRE)--May 11, 2017-- Luna Innovations Incorporated (NASDAQ: LUNA) today announced its financial results for the three months ended March 31, 2017.

For the three months ended March 31, 2017, Luna reported revenues of \$13.1 million and a net loss of \$(1.4) million compared to revenues of \$14.0 million and a net loss of \$(1.5) million for the three months ended March 31, 2016. Adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA") was \$0.1 million for the three months ended March 31, 2017 and 2016. A reconciliation of net loss to Adjusted EBITDA can be found in the schedules included in this release.

"As we described last quarter, with the transition to a new vendor managed inventory arrangement with our largest customer in Asia as of January 1, 2017, we shipped fewer of our 100G integrated coherent receivers during the first quarter of 2017 than we did in the first quarter of 2016. As a result, our overall products and licensing revenue declined year over year," said My Chung, president and chief executive officer of Luna. "We anticipate the market for 100G products to return to significant growth in the second half of this year, driven by the build-out of metro networks in China and the adoption of our second generation 100G integrated coherent receivers. We remain focused on the execution of our key strategic growth initiatives, and continue to be excited about the growth opportunities they provide for the full year of 2017 and beyond."

#### **First Quarter Financial Summary**

Total revenues for the three months ended March 31, 2017 were \$13.1 million compared to \$14.0 million for the three months ended March 31, 2016. Technology development revenues increased 15% to \$4.3 million for the three months ended March 31, 2017, compared to \$3.7 million for the three months ended March 31, 2016. Products and licensing revenues were \$8.8 million for the three months ended March 31, 2017, compared to \$10.3 million for the three months ended March 31, 2016. The decline in products and licensing revenues year over year resulted primarily from lower sales of 100G receivers in Asia compared to the first quarter of the previous year as Luna transitioned to a new vendor managed inventory arrangement with its largest customer in that region.

Gross profit was \$4.7 million, or 36% of revenues, for the three months ended March 31, 2017, compared to gross profit of \$4.8 million, or 35% of revenues, for the three months ended March 31, 2016.

Selling, general and administrative expenses were \$4.5 million for the three months ended March 31, 2017, compared to \$4.6 million for the three months ended March 31, 2016.

Research, development and engineering expenses decreased to \$1.4 million for the three months ended March 31, 2017 compared to \$1.6 million for the three months ended March 31, 2016.

Operating loss improved to \$(1.3) million for the three months ended March 31, 2017, compared to an operating loss of \$(1.4) million for the three months ended March 31, 2016. Net loss attributable to common stockholders improved to \$(1.4) million for the three months ended March 31, 2017, compared to a net loss attributable to common stockholders of \$(1.5) million for the three months ended March 31, 2016. Adjusted EBITDA was unchanged at \$(0.1) million for the three months ended March 31, 2017 and 2016.

### Non-GAAP Measures

In evaluating the operating performance of its business, Luna's management considers Adjusted EBITDA, which excludes certain charges and credits that are required by generally accepted accounting principles ("GAAP"). Adjusted EBITDA provides useful information to both management and investors by excluding the effect of certain non-cash expenses and items that Luna believes may not be indicative of its operating performance, because either they are unusual and Luna does not expect them to recur in the ordinary course of its business or they are unrelated to the ongoing operation of the business in the ordinary course. Adjusted EBITDA should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, GAAP results. Adjusted EBITDA has been reconciled to the nearest GAAP measure in the table following the financial statements attached to this press release.

### **Conference Call Information**

As previously announced, Luna will conduct an investor conference call at 5:00 p.m. (EDT) today to discuss its financial results for the three months ended March 31, 2017, and recent business developments. The call can be accessed by dialing 844.578.9643 domestically or 270.823.1522 internationally prior to the start of the call. The participant access code is 18890708. Investors are advised to dial in at least five minutes prior to the call to register. The conference call will also be webcast live over the Internet. The webcast can be accessed by logging on to the "Investor Relations" section of the Luna website, <a href="https://www.lunainc.com">www.lunainc.com</a>, prior to the event. The webcast will be archived under the "Webcasts and Presentations" section of the Luna website for at least 30 days following the conference call.

### **About Luna**

Luna Innovations Incorporated (<a href="www.lunainc.com">www.lunainc.com</a>) is a leader in optical technology, providing unique capabilities in high speed optoelectronics and high performance fiber optic test products for the telecommunications industry and distributed fiber optic sensing for the aerospace and automotive industries. Luna is organized into two business segments, which work closely together to turn ideas into products: a Technology Development

segment and a Products and Licensing segment. Luna's business model is designed to accelerate the process of bringing new and innovative technologies to market.

#### **Forward-Looking Statements**

The statements in this release that are not historical facts constitute "forward-looking statements" made pursuant to the safe harbor provision of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties. These statements include Luna's expectations regarding Luna's future financial performance, the significant growth of the market for Luna's 100G products in the second half of 2017, the adoption of Luna's second generation 100G integrated coherent receivers, and additional potential growth opportunities. Management cautions the reader that these forward-looking statements are only predictions and are subject to a number of both known and unknown risks and uncertainties, and actual results, performance, and/or achievements of Luna may differ materially from the future results, performance, and/or achievements expressed or implied by these forward-looking statements as a result of a number of factors. These factors include, without limitation, failure of demand for Luna's products and services to meet expectations, technological challenges and those risks and uncertainties set forth in Luna's periodic reports and other filings with the Securities and Exchange Commission ("SEC"). Such filings are available on the SEC's website at <a href="https://www.sec.gov">www.sec.gov</a> and on Luna's website at <a href="https://www.sec.gov">www.sec.gov</a> and on Luna's website at <a href="https://www.sec.gov">www.sec.gov</a> and on Luna's release and Luna undertakes no obligation to update any of the forward-looking statements after the date of this release.
